Case Report

I, Ofc. Bentley, was called to the lobby for a walk in report. I met with Gordon Pearson and brought him into the Interview Room. Gordon told me the following information. Gordon told me his friend Julia Eickmeier has a 2 year old daughter, Madeline Kramer. Gordon told me he is over at Julia's a lot, but they are not seeing each other. Gordon told me a lot of times when Madeline Kramer's father, Kevin Kramer, brings her home from visitation, she is grabbing her "crotch", saying "owie", and walking funny, as if something sexual had been going on. Gordon told me that Madeline tends to cry for long periods of time after being with Kevin. Gordon told me he does not know what to do, but has a feeling something is going on when Madeline is with Kevin. Gordon told me he is friends with both parties and was initially unsure if he wanted his name to be in the report, but told me I could use his name in the report. I asked Gordon if Julia had made the same observations before and he stated that she had. Gordon told me that he thought that Julia has reported this before and used him as a witness, but no one has ever talked to him about it. I checked our in house computer and found no specific reports concerning any sexual abuse regarding Madeline. I advised Gordon I would conduct a welfare check on Madeline and speak with Julia about this matter and would more than likely call DCFS and make a report with them.

Ofc. Sines and I went to the residence and met with Julia, who seemed to be waiting for us to arrive. Julia told us that she had received a call from Gordon, stating that she should be expecting us to come and visit her. I asked her if she knew what we were there for and she acknowledged that she did. I asked her what she was suspecting was going on with Madeline and she advised us of the following information in summary. Julia told us that she suspects some sexual abuse is going on with Madeline. Julia told us that when Madeline was 7 months old, the courts ordered her to give visitation to Kevin and his family. Julia told us Madeline was with the Kramer's for a week and when she returned, her sleeping pattern was not the same, she did not seem to be a happy baby anymore and that she noticed that her vagina was swollen and appeared to be protruding and was giving an odd discharge. Julia advised that she took Madeline to Ottawa Regional Hospital, because that is where her pediatrician was at, but that the hospital told her they were not equipped to handle sexual assaults and told her to take Madeline to Saint Francis in Peoria. Julia then told us that she spoke to someone at Ottawa Regional Hospital first on the phone and they told her they were not equipped to handle a sexual assault and told her to take her to Peoria and she then spoke to someone in Peoria over the phone, who told her to take her to Ottawa Regional Hospital, which she did and then she was directed to Peoria again, who did not have an appointment for a week. Julia told me she did not take Madeline to Peoria, because after a day the swelling went away and the discharge stopped. Julia told us every time she sends Madeline to Kevin for visitation, she comes back in the same state, in which she is touching her vaginal area, walking funny and crying, sometimes throughout the
